

Student Community Service

Students are ready to collect cell phones to benefit your organization!

Students everywhere need and appreciate community service opportunities. This program is simple and easy!

1. Your organization reaches out to student volunteers.

Contact friends, family, local schools, and guidance counselors. Need help finding schools? Visit www.greatschools.org.

2. Students enroll at www.shelteralliance.net.

Make sure students select your organization as their "partner".

3. Students collect cell phones and ship to us.

4. Your organization receives a check.

You earn up to \$30 (or more) per phone. We pay for every phone.

5. We issue a community service certificate to the student.

One service hour is earned for every five phones. Unlimited hours can be earned!

Call 866-844-1003 to order free posters.

Our Student Community Service program expands your mission in the community through a unique partnership with local students.
